

PEACE OF MIND FOR YOU...AND YOUR FAMILY

Once every four seconds, someone becomes a victim of identity theft. You're probably aware of the growing threat of identity theft and are concerned about how to protect yourself and your family. ID Commander gives you an answer to this threat.

THE RIGHT SOLUTION FOR YOU

ID Commander provides you with comprehensive, proactive protection against the damaging effects of identity theft in an easy-to-use program. Features include:

Easy Family Enrollment – No fumbling through dependent data during enrollment. Just enroll yourself in one simple step and then add family members to your account through the Family Commander online portal at any time.

A Real Insurance Policy – You have access to up to **\$1 million in insurance*** to be used towards lost wages, attorney's fees and other costs associated with recovering from theft. This is not a service guarantee, it's a real policy.

Restoration. Period. – In the event of a breach, you are appointed a certified restoration specialist to restore your identity to pre-theft status, guaranteed.

Computer Protection – Commercial-grade antivirus software is included with every Ultimate membership to protect against computer-based threats, including spyware, adware and viruses.

Total Dedication to Customer Support – Our team of US-based support professionals are standing by to assist you with all aspects of the program. For more information please email us at support@idcommander.com, call Toll Free **855-592-7944** or visit www.idcommander.com

HOW ID COMMANDER PROTECTS YOU

ID Commander leverages cutting-edge technology, monitoring thousands of data sources to alert you of any potentially fraudulent activity associated with your personal information. We have developed a 360-degree approach to Identity Theft Protection – protection, detection, restoration – to give you the most complete coverage available.

RESTORATION

Identity insurance – \$1 million in insurance coverage against lost wages and the costs associated with recovering from identity theft.*

Full-service Identity Theft Restoration Services – Trained, certified agents aid you in determining the scope of the breach, shutting down the breach and repairing any damage done as a result of identity theft.

Identity Theft Protection Resource Center – You have access to a one-stop resource for the latest information to combat identity theft.

24/7 Lost Wallet Assistance – Our Lost Wallet service helps you quickly cancel and replace all items commonly carried in wallets and purses, including credit cards, debit cards, check books, driver's license, Social Security cards, insurance cards, passports, military identification cards and even traveler's checks.

DETECTION

Internet Surveillance Report, Monitoring & Alerts – You receive a report with historical data detailing cyber activity associated with your personal information. Ongoing, our Internet Surveillance Monitoring solution proactively detects stolen personally identifiable information and compromised confidential data, and alerts are sent if your personally identifiable information is found being bought or sold online.

Social Security Report, Monitoring & Alerts – You receive a report with historical data detailing activity associated with your social security number. Ongoing, our Social Security Number Monitoring service detects when your names, aliases and addresses become associated with your social security number.

Change of Address Report, Monitoring & Alerts – You receive a report with historical data detailing activity associated with your addresses registered with USPS. Ongoing, our Change of Address service monitors and reports if your mail has been redirected through the United States Postal Service, giving you immediate knowledge of someone attempting to steal your identity by redirecting mail to a new address.

Court and Criminal Records Report, Monitoring & Alerts – You receive a report with historical data detailing criminal or court-related activity associated with your personal information. Ongoing, our court and public records monitoring service tracks municipal court systems and alerts you in real time if a criminal act is committed under your name.

Non-credit Loan Report, Monitoring & Alerts – You receive a report with historical data detailing non-credit loan activity associated with your personal information. Ongoing, our non-credit and payday loan monitoring service detects and alerts you of non-credit transactions associated with your personal information. Non-credit loans include both payday and quick-cash loans that do not require a Social Security number or credit inquiry to complete.

Sex Offender Report, Monitoring & Alerts – You receive a report with current data detailing sex offenders residing near your home. Ongoing, our sex offender monitoring provides alerts and reports that enable you to discover and monitor registered sex offenders living in your immediate area and be notified if a sex offender fraudulently registers in your name.

PROTECTION

Anti-virus / anti-spyware software – Commercial-grade anti-virus, anti-spyware software blocks concealed programs that track your online and offline activity, including password stealers, Trojans, worms, keystroke loggers, and other malware.

Anti-phishing, Anti-spam Software – Software blocks and filters web pages and scams that attempt to steal credit card data and other personally identifiable information. Also blocks unwanted email.

Software firewall – Automatically secures your internet connection and helps prevent outsiders from accessing your Wi-Fi Network.

Digital vault – Application that locks up confidential files in an encrypted vault on the hard drive, safeguarding sensitive files from theft.

Digital file shredder – Software tool ensures that no traces of deleted or sensitive files remain on a computer.

**The \$1 million insurance policy is underwritten by an AM Best A-rated carrier. Coverage is not available for residents of New York. Coverage is subject to the conditions and exclusions in the policy.*
